Our Story

Bicast Inc. is a family business based in Williamsburg VA. We design, manufacture and hand assemble our own products with the utmost care to provide our customers with unique souvenir items that really sell! Our low minimums make sense. Having been in business for 25 years we know what works, and we are hoping to be working with you 25 years from now!

How We Do It

We begin by creating a customized Bi-Level Magnet from our design guide (located on the next four pages) or a fully custom design for your site. We can then convert it into a single level ornament, cherry ornament, and a Bi-Level ornament.

Bi-level Magnet

Custom Designs

We offer custom designs for your site. There is a one time \$75 art charge and then you can then use that art on anything in the catalog.

We can also use your art to create a design. Please provide a vector file. There may be a art fee depending on the usability of what you send us.

Glassware

Our glass designs, or your custom design can be placed on any of our glassware. These two pages are our glass design guide.
