Our Story

Bicast Inc. is a family business based in Williamsburg VA. We design, manufacture and hand assemble our own products with the utmost care to provide our customers with unique souvenir items that really sell! Our low minimums make sense. Having been in business for 30 years we know what works, and we are hoping to be working with you 30 years from now!

How We Do It

We begin by creating a customized Bi-Level Magnet from our design guide or a fully custom design for your site. We can then convert it into a single level ornament, cherry ornament, and a Bi-Level ornament. We can also place it on any of our other products in this catalog.
